# Long Island Rail Road Expansion Project

## Floral Park to Hicksville

## Final Environmental Impact Statement

## Appendix 22-E

## Petition from Right Track for Long Island Coalition

April 2017

A petition was submitted by Right Track for Long Island Coalition in order to show their support for the LIRR Expansion Project. The petition consists of approximately 431 pages of over 4,542 commuter signatures requesting for the construction of the third track in order to improve the existing bottleneck effect which occurs within the project main line. A total of two copies were submitted during the Westbury and New Hyde Park morning Draft EIS public hearings.

# Attachment E:
# Petition on Draft Environmental Impact Statement

Mattituck Postmark = Hicksville

## PETITION

he undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the ated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will o solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

Matthew Walsh

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

Matthew Easterbrook

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

# PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

DENNIS Vesik - Mineola.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

Have you heard about the 3rd track project?

We want to build a 3rd track between Hicksville & Floral Park b/c right now we only have 1 track going into Jamaica from here so if a train gets stuck all the trains behind it get stuck.

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

# PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION Matthew Walsh

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to ~~enjoy the full benefit and~~ convenience of a modern railroad system.

Matthew Welsh

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy ~~the full benefit and~~ convenience of a modern railroad system.

NICE

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

## PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.

Matthew Eastman

# PETITION

We, the undersigned, are LIRR commuters and passengers who suffer regular delays and crowded trains because of the antiquated 2-track bottleneck on the Main Line Corridor between Hicksville and Floral Park. Construction of a 3rd track will help to solve this problem. We respectfully demand that it be built as soon as possible. It's high time for all Long Islanders to enjoy the full benefit and convenience of a modern railroad system.
